1951 INDEX

Volume 38

AUTHOR INDEX

A

Ackerman, A. W.
Rust Preventives—A General Survey..... 1047
A. S. T. M. Committee B-8
Tentative Recommended Practice for Preparation of and Plating on Stainless Steel..... 837

B

Baran, V. J.
The Electroplating Industry in Atlanta.....243, 464, 1262
Bede, J. A.
Hot Spraying of Lacquer..... 461
Beyer, S. J.
Pitfree heavy chromium plate on low-alloy steel (Q).. 960
Brenner, A.
A Microhardness Tester for Metals at Elevated Temperatures..... 363
Brown, H. E.
Determination of Plate Thickness on Zinc Base Alloy Diecastings..... 556

C

Carr, D. S., *see* Wesley, W. A.
Cooper, J. E.
Plating Wastes—Treatment and Disposal..... 346

D

Dale, J. J.
An Australian Looks at U. S. Plating..... 58
Diggin, M. B.
Tank linings for nitric-hydrofluoric acid pickles (Q).. 266
Dodge, B. F. and W. Zabban
Disposal of Plating Room Wastes.
III. Cyanide Wastes: Treatment with Hypochlorite and Removal of Cyanates..... 561
Douty, A.
Phosphate coatings.....1030, 1163 (Q)

F

Faulman, E. L.
Rack Making..... 709
Faust, C. L.
Bright chromium plating of speculum metal (Q)..... 859

G

Glover, M. and Lindh, G.
Organic Tank Linings—An Outline of Care and Maintenance..... 471
Graham, A. K.
Chromium plating racks (Q)..... 171
Copper plating of silvered mirrors (Q)..... 859
Insoluble anodes for zinc plating (Q)..... 859
Pearl finish (Q)..... 171
Substitutes, for nickel (Q)..... 960
for nickel chloride (Q)..... 68

H

Hauri, C. F.
Cyanide Waste Disposal and Control..... 240
Head, H. E.
Chromium plating of chromium steel (Q)..... 1062
Heil, C. E.
Tank linings for nitric-hydrofluoric acid pickles (Q).. 266
Hogaboom, G. B.
Patent Abstracts.....74, 179, 272, 386, 485, 590, 752 862, 962, 1064, 1169, 1273

J

Jernstedt, G. W.
Surface-finish standards (Q)..... 1261

K

Kelemen, D. G., *see* Thon, N.
Knapp, B. B. and W. A. Wesley
The Effect of Copper Undercoats on the Protective Value of Nickel-Chromium Coatings on Steel..... 36
Kushner, J. B.
A New Device for Simplified Surface Tension Control 933
Gold plate standards and nomenclature (M)..... 340

L

Lindh, G., *see* Glover, M.
Linford, H. B. and E. B. Saubestre
Cleaning and Preparation of Metals for Electroplating.
I. Critical Review of the Literature.....60, 158, 254
II. Soiling and Cleaning Procedures..... 367
III. Degreasing Evaluation Tests: The Atomizer Test 713, 847
IV. Degreasing Evaluation Tests: Sequential Testing 1157, 1263
Logan, H. L.
Plastic Deformation of Chromium Plated Steel..... 701
Lorenz, F. R., *see* Read, H. J.
Lynch, E. F.
Making Electrotypes..... 465

M

McKay, R. J.
The History of Nickel Plating Developments in the United States.....41, 147
McMaster, W. D.
The Problem of Painting Bright Chromium Plate..... 696
McNally, F. X.
Recovery of bright-nickel solution from waste water (M)..... 690
Mermillod, J.
Colorimetric Determination of Zinc and Cobalt in Gold Alloy Plating Solutions..... 699
Meserve, D. R.
Organic Coatings in Today's Metal Finishing..... 1037
Meyer, W. R.
Black Oxide Coatings on Metals..... 1036

M—Mail Box Q—Question Box

Cleaning of buffed brass (Q) ... 1261
Molitor, J. H.
Rotogravure Roll Making ... 248
Moskowitz, S.
Health Hazards in the Plating Room and Their Control 1141

N

Neben, E. W. and W. F. Swanton
Recovery of Chromic Acid from Plating Rinse Waters, 457, 690
Nell, K.
Analysis of gold-alloy solutions (M) ... 136

O

Ostrander, C. W.
Chromate Treatments ... 1033
Owen, J. T.
Chemical Deposition of Silver on Nonconductive Bodies 353

P

Parker, E. A.
Analysis of gold-alloy solutions (M) ... 1033
Electroplating of Gold Alloys ... 1134, 1256
Perry, M. H., *see* Serfass, E. J.
Pinkerton, H. L.
Chromium plating of copperplate (Q) ... 588
Spotting-out on cadmium plated sintered iron alloys (Q) 1062
Prater, T. A., *see* Read, H. J.

R

Read, H. J.
Book Review ... 172, 265, 366, 472, 559, 718, 857, 961, 1060, 1162, 1268
——— and F. R. Lorenz
Methods for Testing Thickness of Electrodeposits.
II. Comparison of Methods for Nickel on Steel ... 255
III. Comparison of Methods for Acid Copper on Steel 945
——— and T. A. Prater
The Strength and Ductility of Electrodeposited Metals.
III. Some Problems Relating to Specimen Preparation 142
Roehl, E. J., *see* Wesley, W. A.
Rosenberg, L.
The Electroplating Industry in Atlanta (M) ... 1262

S

Saltonstall, R. B.
Substitutes for nickel chloride (Q) ... 68
Tank linings for nitric-hydrofluoric acid pickles (Q) ... 266
Saubestre, E. B., *see* Linford, H. B.
Savage, F. K.
Gray spots on silverware (Q) ... 378
Silver plating of pewter (Q) ... 378
Stripping silver from and replating Britannia metal, pewter, and "white metal" (Q) ... 718
Serfass, E. J. and M. H. Perry
Determination of Impurities in Electroplating Solutions.
XXI. Traces of Lead in Zinc Plating Baths ... 473
Shipley, M. S.
Barrel Finishing.
I. Some Fundamentals ... 1240
Soderberg, G.
Government Specifications ... 253
Some Characteristics of Zinc Cyanide Plating Solutions.
I. Appearance of Deposits and Cathode Current Efficiency ... 928
Stadel, W. E.
Floors and Drains in Plating Departments—Some Notes ... 939
Struyk, C.
Solderability of tin and tin-lead coatings (M) ... 690
Swanton, W. F., *see* Neben, E. W.

T

Thon, N., D. G. Kelemen and L. Yang
Porosity of Electrodeposited Metals.
X. Hydrogen Content of Electrodeposited Metals ... 1055
Tice, E. A.
Materials of Construction for Pickling Operations Prior to Electroplating ... 826

V

Van Ormer, W. K.
Increased Belt Life and Cut with New Contact Wheel 554

W

Wesley, W. A., D. S. Carr and E. J. Roehl
Nickel Plating with Insoluble Anodes ... 1243
——— *see* Knapp, B. B.
Wilson, B. W.
Principles of Filtration ... 831

Y

Yang, L., *see* Thon, N.

Z

Zabban, W., *see* Dodge, B. F.

SUBJECT INDEX

A

Acid treatments, lead equipment for ... 39
Adhesion of chromium to copper ... 1153
of paint to chromium ... 696, 1038, 1153
Alkaline cleaning, health hazards connected with ... 1144
Aluminum, chromate treatment of ... 1033
dyed oxide coatings on ... 1037
phosphate coatings on ... 1030
pickling of ... 64, 830
Anodes for gold alloy plating, insoluble ... 1140
for nickel plating, insoluble ... 1243
for zinc plating, insoluble (Q) ... 859
Anodizing, health hazards connected with ... 1143
lead equipment for ... 39

B

Barrel Finishing.
I. Some Fundamentals ... 1240
of stainless steel ... 844
Belt polishing, contact wheel for ... 554
Black Oxide Coatings on Metals ... 1036
Brass-tinted clear organic coatings ... 1039
Bright pickling, health hazards connected with ... 1146
materials of construction for ... 829
of copper alloys ... 829
Britannia metal, stripping silver from and replating (Q) 718
Bronze-tinted clear organic coatings ... 1039
Buffing, cleaning brass after (Q) ... 1261
health hazards connected with ... 1146
Burnishing, barrel ... 1240, 1260

C

Cadmium plate, black coatings on ... 1037
chromate treatment of ... 1033
lacquer on ... 239
on sintered iron alloys, spotting-out on (Q) ... 1062
phosphate coating of ... 1030
removal of heavy (Q) ... 266
staining of (Q) ... 1163
Cadmium plating, health hazards connected with ... 1142
in holes (Q) ... 171
Chromate contamination of copper cyanide plating solutions, removal of (Q) ... 1261
Chromate pickling solutions, construction materials for 828
Chromate Treatments (for aluminum, cadmium, zinc) 1153, 1156
Chromic Acid from Plating Rinse Waters, Recovery of ... 457
Chromium, clear organic coatings on ... 696, 1038, 1153
on low-alloy steel, pitfree heavy (Q) ... 960
Chromium plate, electropolishing of (Q) ... 960
hot-hardness of ... 365
hydrogen content of ... 1057
on stainless steel ... 837, 843
on zinc-base diecastings, determination of thickness of 557
The Problem of Painting Bright ... 696, 1038, 1153
Chromium Plated Steel, Plastic Deformation of ... 701
Chromium plating, health hazards connected with ... 1142
lead anodes for ... 57
of chromium steel ... 1062
of copperplate ... 558 (Q), 1153
of speculum metal, bright (Q) ... 859
racks for (Q) ... 171
treatment of wastes from ... 350
Cleaning and Preparation of Metals for Electroplating.
I. Critical Review of the Literature ... 60, 158, 254
II. Soiling and Cleaning Procedures ... 367
III. Degreasing Evaluation Tests: The Atomizer Test 713, 847
IV. Degreasing Evaluation Tests: Sequential Testing 1156, 1263
Cleaning, alkaline ... 60
Before Alkaline Electrocleaning, Soak ... 377, 472
Device, Ultrasonic ... 1255
in cyanide-copper solutions ... 64
of buffed brass (Q) ... 1261
solvent ... 62
solvent-emulsion ... 63
Cobalt in gold-alloy plating solutions, colorimetric determination of ... 699
Cobalt-phosphorus deposits, hot-hardness of ... 365
Cobalt plate, hot-hardness of ... 365
Cobalt-tungsten plate, hot-hardness of ... 366
Coloring of metals with black oxides ... 1036, 1156
with chromates ... 1034
with dyed phosphate coatings ... 1031
Convention Papers, Abstracts of ... 937, 1040
Copper and copper alloys, pickling and bright pickling of 64, 828
Copper Cyanide Baths, Plating from ... 145
Copper-nickel-chromium plate on zinc-base diecastings, determination of thickness of ... 557
Copper plate, chromium plating on ... 558 (Q), 1153
hot-hardness of ... 365
hydrogen content of ... 1057
on steel, comparison of methods for testing thickness of acid ... 945
Copper plating, of rotogravure rolls ... 248
of silvered mirrors (Q) ... 859
Copper-tinted clear organic coatings ... 1039
Copper Undercoats on the Protective Value of Nickel-Chromium Coatings on Steel, The Effect of ... 36
Cyanide Waste Disposal and Control ... 240

D

Deburring, barrel ... 1240
Degreasing solvents, health hazards connected with ... 1144
Dermatitis ... 1146
Drains in plating departments ... 939
Ductility of electrodeposits, determination of ... 142

E

Electrodeposited Metals, The Strength and Ductility of.
III. Some Problems Relating to Specimen Preparation 142
Electroplating Industry in Atlanta, The ... 243, 464, 1262 (M)
Electropolishing, health hazards connected with ... 1143
lead equipment for ... 39
of heavy chromium plate (Q) ... 960
of low-alloy steel prior to heavy chromium plating (Q) 960
Electrotypes, Making ... 465

F

Felt Wheels ... 835
Filtration, Principles of ... 831
Finish standards, surface (Q) ... 1261
Floors and Drains in Plating Departments—Some Notes 939

G

Glass, silvering of ... 354
Gold alloy plating solutions, analysis of (M) ... 136
Colorimetric Determination of Zinc and Cobalt in ... 699
Gold Alloys, Electroplating of ... 1134, 1256
Gold plate, on stainless steel ... 837
standards and nomenclature for (M) ... 340
Gold-tinted clear organic coatings ... 1039

H

Hardness of chromium, cobalt, cobalt-phosphorus, cobalt-tungsten, copper, molybdenum and nickel, hot- ... 365
Hardness Tester for Metals at Elevated Temperatures, Micro- ... 363
Health Hazards in the Plating Room and Their Control 1141
History of Nickel Plating Developments in the U. S. A., The ... 41, 147
Hot-water resistance of copper-nickel-chromium coatings on steel ... 36
Hydrochloric acid pickling, construction materials for ... 827
health hazards connected with ... 1146
Hydrofluoric acid pickling, construction materials for ... 827
health hazards connected with ... 1146
Hydrofluoric-nitric acid pickling, construction materials for ... 266 (Q), 830

I

Impurities in Electroplating Solutions, Determination of XXI. Traces of Lead in Zinc Plating Baths ... 473
Impurities in gold-alloy solutions, effect of ... 1139
Iron, black oxide coatings on ... 1036
phosphate coatings on ... 1030
Iron plate, hydrogen content of ... 1057

L

Lacquer, Hot Spraying of ... 461
Lacquering, *see* also organic coatings
Lead, corrosion resistance of ... 39
health hazards connected with ... 1143
in the Plating Room, Use of ... 39
in zinc plating baths, determination of traces of ... 473
Lead-tin coatings, solderability of (M) ... 690

M

Magnesium, pickling of ... 830
Molybdenum deposits, hot-hardness of ... 366

N

Nickel anodes, effect of ac on efficiency of... 1244
effect of current reversal on efficiency of... 1245
Nickel chloride, substitutes for (Q)... 68
Nickel-Chromium Coatings on Steel, The Effect of Copper Undercoats on the Protective Value of... 36
Nickel films on copper by immersion... 248
Nickel in decorative plating, substitutes for (Q)... 960
Nickel plate, hot-hardness of... 365
hydrogen content of... 1056
on steel, comparison of methods for determination of thickness of... 255
on zinc-base diecastings, determination of thickness of 556
Nickel Plating Developments in the U. S. A., The History of... 41, 147
Nickel plating, on stainless steel... 843
with insoluble anodes... 1243
Nickel solution from waste water, recovery of bright- (M) 690
Nickel undercoatings for gold or chromium plate on stainless steel... 837, 843
Nitric acid, health hazards connected with... 1146
Nitric-hydrofluoric acid pickles, materials of construction for... 266 (Q), 830
Nonconductive Bodies, Chemical Deposition of Silver on 353

O

Organic Coatings in Today's Metal Finishing... 1037
hot spraying of... 461
on chromium plate... 696, 1038, 1153
spraying and finishing cost of... 1152
Oxide Coatings on Metals, Black... 1036
on zinc... 1038, 1156

P

Painting Bright Chromium Plate, The Problem of... 696, 1038, 1153
Pearl Finish (Q)... 171
Pewter, silver plating of (Q)... 378
stripping silver from and replating (Q)... 718
Phosphate Coatings (on iron and steel, zinc and cadmium, aluminum and its alloys)... 1030, 1153, 1162
Pickling, electrolytic and immersion... 64
health hazards connected with... 1146
of stainless steel... 845
Operations Prior to Electroplating, Materials of Construction for... 826
Plastics, silvering of... 355
Plating, An Australian Looks at U. S.... 58
Plating equipment of lead... 39
Plating Departments, Some Notes (on) Floors and Drains in... 939
Polishing, contact wheel for belt... 554
health hazards connected with... 1146
Porosity of Electrodeposited Metals.
X. Hydrogen Content of Electrodeposited Metals... 1055
Printing roll making... 248
Protective Value of Nickel-Chromium Coatings on Steel, The Effect of Copper Undercoats on... 36

R

Racks for chromium plating (Q)... 171
Rack Making... 709
Rinse water, recovery of chromic acid from... 350, 457
recovery of bright-nickel solution from (M)... 690
treatment of cyanide in... 242, 347, 561
Rotogravure Roll Making... 248
Rust Preventives—A General Survey... 1047

S

Salt-spray resistance of copper-nickel-chromium coatings 36
Scale removal... 64
Silvered mirrors, copper plating of (Q)... 859
Silver films, methods for determination of thickness of thin... 357
Silver on Nonconductive Bodies, Chemical Deposition of 353
Silver plate on Britannia metal, pewter and "white metal", stripping of and replating (Q)... 859
Silver plating of coffee pots in and out (Q)... 588
of pewter (Q)... 378
Silverware, gray spots on (Q)... 378
Specifications, Government... 253
Speculum metal, bright chromium plating of (Q)... 859
Spotting-out on cadmium plated sintered iron alloys (Q) 1062
Stainless steel, Tentative Recommended Practice for Preparation of and Plating on... 837
Steel, black oxide coatings on... 1036, 1050
phosphate coatings on... 1030, 1050
pickling of... 64, 826
rust preventives on... 1050
Strength of electrodeposits, determination of... 142
Substitute Finishes for Electroplating (a symposium). 1030, 1153
Substitutes for nickel in decorative plating (Q)... 960
Sulfuric acid pickling, construction materials for... 826
health hazards connected with... 1146
Surface Tension Control, A New Device for Simplified.. 933

T

Tank Linings—An Outline of Care and Maintenance (of) Organic... 471
for nitric-hydrofluoric acid pickles... 266 (Q), 830
Thickness on Zinc Base Alloy Diecastings, Determination of Plate... 556
Thickness of acid-copper deposits on steel, comparison of methods for... 945
Thickness of nickel deposits on steel, comparison of methods for... 255
Tin coatings, solderability of (M)... 690
Tin-lead coatings, solderability of (M)... 690

V

Ventilation in the plating room... 1151

W

Washington Orders... 157, 264, 358, 477, 560, 704, 846, 940, 1058, 1151, 1262
Waste control... 932
Waste disposal, chromium... 350, 457
cyanide... 240, 347, 351
laws in the Ohio River Basin States pertaining to... 167
Waste water, recovery of chromium solution from... 457
recovery of bright-nickel solution from (M)... 690
Sampling and Flow Measurement of... 558
treatment of cyanide in... 346, 1152
White metal, stripping silver from and replating of (Q)... 718

Z

Zinc-base alloys, pickling of... 830
Zinc, black coatings on... 1037
chromate treatments of... 1033, 1153, 1156
clear organic coatings on... 1038, 1156
phosphate coatings on... 1030
Zinc in gold-alloy plating solutions, colorimetric determination of... 699
Zinc plating baths, appearance of deposits from cyanide 928
cathode current efficiency in cyanide... 928
determination of traces of lead in... 473
insoluble anodes for (Q)... 859
throwing power of (Q)... 718
